KAISER'S TROOPS FORCE RUSSIANS TO RETIRE TO SECOND LINE OF TRENCHES

KRUPP WORKERS MAY STRIKE

Germany Forces Serious Problem - Welsh Coal Miners Quit Work.

(Associated Press) Nearly every coal mine in Wales was idle today, the day fixed for beginning the strike for higher wages. 150,000 men are out of the mines which supply the British navy with steam coal, the men throwing aside the advice of the leaders who have called a conference with the hope of reaching a settlement of the difficulties.

Subject to Fine. Under the new British munitions act each striker is subject to a fine of \$15 per day in default of payment of which he may be imprisoned, and the puzzling problem before the British government now is how to enforce the fines. The miners have refused to return to work.

Active Near Warsaw. The Germans are again active to the north of Warsaw and London believes that a drive at the Polish capital from that direction is imminent. Petrograd admits that a German offensive movement has been begun in one section where the Russians have retired to their second line of defenses.

Allies Take Hills. After four assaults Monday the allies captured two hills defending Kritia, Athens reports.

Steamer Sunk. The Norwegian steamer Ryno, 1000 tons, was torpedoed and sunk, the second engineer being killed. The rest of the crew landed safely.

British With Serbs. That British troops are fighting with the Serbians against Austrians has been officially confirmed by Crawford Price, a British eye witness, who is lecturing in Liverpool.

Germans Take Towns. Przasnysz, a town in Russian Poland, 50 miles north of Warsaw, has been captured by the Germans who have also taken the village of Konstasout h of Kolno and have stormed the heights of Olszanka, northwest of Suwalki, Berlin officially stated today.

Krupp Workers to Strike. Employees in the great Krupp works at Essen threaten to strike for higher wages and shorter hours. The workers claim they are overworked. Soldiers are arriving there to take charge of the situation.

Counter Claims. Berlin claims that the French suffered extraordinarily heavy losses in Argonne yesterday, and Paris makes a counter claim of progress there.

FINED FOR ASSAULT. Hugh Johnson last evening was assessed a fine of \$3 and costs by Justice A. H. Hanneken on the charge of assault and battery, which he paid. Johnson was implicated in the trouble with Franks and Rollins on Monday night on First street. Franks has already been given his hearing and Rollins' hearing has been continued until Friday.

Dixon Schools To Open August 30; Teachers Engaged

Board Of Education Held Meeting Wednesday Eve - Census Report Made

At the regular meeting of the board of education of the south side schools last evening the annual tax levy for the ensuing year was made. The report of the census enumerator recently completed by Wm. Jacobus, of all children in school district No. 27 was made. According to the report there are 1923 children between the ages of one and twenty-one; of this number 898 are boys and 925 are girls. There are 1318 children of school age—between six and twenty-one years—and of this number 613 are boys and 705 are girls. There is little difference between these figures and those of a year ago.

The teachers' committee recommended the appointment of Miss Helen B. Gopen of Ottawa as supervisor of art drawing and sewing in the grades for the coming year, which recommendation was concurred in by the board. Miss Gopen is a graduate of the Chicago Art school and is now employed as a teacher in the summer school in progress at the Art Institute. This fills all the vacancies except the two science teachers and the committee wishes a few days' more time to investigate several of the applications on file. The building & grounds committee recommended the employment of Harvey Eggericks as janitor of the E. C. Smith building for the ensuing year. A school manual is being prepared outlining the course of study of the school as well as the duties of all teachers and janitors. It was decided by the board that school would open on Monday, August 30, and that the first semester would close December 21.

JURORS DONT LIKE TREATMENT THEY GET

CARROLL COUNTY JURYMEN ARE UP IN ARMS OVER CONDITIONS

Jurymen in Carroll county are loud in their condemnation of the way Carroll county treats its jurors, says the Democrat, which says the manner of treatment is punishment because they can not agree. The paper says:

They are not criminals but peers carried into court to adjudicate matters that cannot be agreed upon by the jury. They get the case they cannot sleep unless upon a chair, or on the floor. In other counties, Lee, Ogle, Whiteside and Stephenson, cots are provided and after a certain hour if the jurymen cannot agree, they are allowed to lie down and sleep over the matter. This we believe, is as it should be. Men who are putting up with discomforts cannot think or act as they can when comfortable.

GERMAN TORPEDO SANK NEBRASKAN GERMANY ADMITS

OFFERS TO MAKE REPARATION FOR LOSS AND EXPENSES REGRET.

CALLS IT UNFORTUNATE ACCIDENT

And Says It Was Not Meant For An Attack on the American Flag.

(Associated Press) Washington, July 15—Germany, in an official memorandum, admits that the American steamer Nebraskan was torpedoed by a submarine and expresses regret and readiness to make reparation.

Germany assures the United States that the attack was "not meant for the American flag, but is considered an unfortunate accident."

The memorandum disposes of the question whether the Nebraskan was struck by a mine or torpedo, and except for the payment of damages, the incident is closed, it is said.

The Nebraskan case had threatened to become one of the important issues of the controversy over submarine warfare.

To See von Bernstorff. Secretary of State Lansing and Count von Bernstorff, the German ambassador, met informally while both were at luncheon yesterday and later in the day Lansing made it known that within a few days he will hold a conference with the ambassador.

It is understood also that the ambassador will call upon President Wilson on the latter's return from Cornish, N. H., and discuss with him the points raised in the latest German note.

Considerable significance is attached to the forthcoming conference between the secretary of state and Ambassador von Bernstorff. It was learned at the state department that von Bernstorff is in constant touch with his government by wireless. This is taken to mean that he is thoroughly acquainted with the extent to which Germany is willing to go to reach an amicable settlement.

Lusitania Case Vital.

The belief is growing here, based on admissions of high administration officials, that the strongest obstacle to an early settlement is Germany's refusal to formally disavow the sinking of the Lusitania and to offer some form of reparation for the loss of American lives. Consequently, the view is taken that if Germany would go this far the administration would consider that it had made substantial progress and in its next communication would take an attitude less severe than that which it assumed in the other two notes.

It is believed that something to this effect will be communicated to the German ambassador before many days have passed, with the expectation that he will use his influence with his government to bring about the desired results.

THAW WILL KNOW FATE FRIDAY MORN JUDGE ANNOUNCES

JUSTICE HENDRICK WILL GIVE A DECISION AT 10:30 A. M. TOMORROW.

IN CUSTODY SINCE JUNE 1906

It Is Believed Verdict Ends the Fight For Freedom Covering the Last Nine Years.

New York, July 15—Harry K. Thaw, who yesterday was adjudged sane by a jury in Justice Hendrick's court, will not know until tomorrow morning whether the justice will accept the advisory verdict of the jury and release him from custody, or whether the verdict will be disregarded. The justice has announced that he would give his decision at 1:30 a. m. Friday.

Charge Lasts Ten Minutes.

Justice Hendricks' charge to the jury lasted hardly more than ten minutes. He reviewed, with great brevity the legal aspects of the case and told the jurors that they were to consider all the evidence. They were not to concern themselves, the court charged, with any previous acts of Thaw as such.

"The question to be determined," Justice Hendrick said, "is whether Thaw is sane now."

The justice did not intimate whether he would be guided wholly by the verdict in determining Thaw's mental condition. The jury is acting in a capacity purely advisory to the court. Justice Hendrick can reverse their verdict should he deem it contrary to the evidence.

Verdict Is Written Out.

The jury handed in a written verdict. The clerk, receiving it, told the foreman that the question for the jury to decide was whether Thaw was sane, and asked if they had reached a decision. The foreman said they had.

"Is your decision that Thaw is sane?" the clerk asked.

"Yes," the foreman replied.

Thaw smiled broadly. His mother sitting a few feet away, seemed much agitated. John B. Stanchfield, chief of Thaw's counsel, was on his feet almost immediately with a motion that the court declare vacant the commitment issued by Justice Dowling under which Thaw was sent to the Matteawan asylum.

Other Things to Consider. There were other things to be considered, Justice Hendrick said, in addition to declaring vacant the commitment. Today, the justice added, he will consider any motions that Thaw's counsel may see fit to make. In the meantime Thaw was to be retained in the custody of the sheriff.

The jury reached a verdict in forty-eight minutes after it retired. The decision probably ends a fight of more than nine years by Thaw to obtain his liberty. With the exception of the time spent by Thaw out of the state after his escape from Matteawan Aug. 17, 1913, until his return Thaw has been in custody ever since the night of June 25, 1906, when he shot and killed Stanford White.

Berlin Says Austria Action Was To Show America Consequences

(Associated Press)

Washington, July 15—It has not been determined what, if any, reply the United States will make to the Austrian note of July 1 in which it is contended that war exports are "a proceeding of the present war are not in consonance with the definition of neutrality," and which adds, "it will be quite sufficient to advise the enemies of Austria-Hungary and Germany that the supply of food-stuffs and war materials will be suspended if the legitimate trade in these articles between America and neutrals is not permitted."

Berlin news dispatches say the "protest was sent at the request of Germany and Turkey will follow suit, the object being to warn America that a rupture in the relations between Germany and the United States will mean also a rupture with Germany's allies."

Firm Which Sold Land To Dixon People Is In Court

Many people of Dixon and vicinity have a decided personal interest in the action of the Chicago postoffice inspectors and other federal officials who have seized the account books, stock registers, private papers, correspondence files and office records of the Florida Everglades Land Co., from which many residents of this vicinity purchased land in the Everglades of Florida.

The books were taken to the federal building in Chicago under a grand jury subpoena issued by Judge K. M. Landis and it is understood that the operations of the company will be made the subject of investigation by the federal grand jury next week.

Question Use of Mails. The government is endeavoring to learn if the mails have been used in a scheme to defraud. The investigation has already taken approximately a year and a half. The amount involved is variously estimated from \$100,000 to \$250,000.

The land in the Florida everglades is near Lake Okechobee. Approximately 65,000 acres have been sold to 5,000 persons in various parts of the United States.

The sales of the land were made during 1909 and 1910. There were only a few hundred out of the 65,000 acres left and, according to Mr. Greenwood, there has been no effort to dispose of them recently.

Most of the sales were made through agents on the time-payment plan. The money was collected through the mails.

Firm Member Talks. Wm. F. Greenwood, one of the members of the firm of Bryant & Greenwood, Chicago, who have been conducting the Florida Everglades Land Co., said following the seizure of the company's papers:

"I do not care to make any kind of a defense in the newspapers, as we do not desire that kind of publicity. I will only say that this firm has done no intentional wrong."

"We sold about 65,000 acres of land at an average price of \$17 per acre. We had approximately 5,000 buyers. The land we sold is good. There is no seepage in the Florida everglades at this time, to my knowledge, that is located near a completed canal, for less than \$50 an acre."

"Our land is traversed by three canals, constructed by the State of Florida, on plans recommended by state engineers. Lake Okechobee, which formerly overflowed and flooded the everglades, is drained by these canals. The land has not overflowed for about three years, as far as I know."

"Our lands are in the upper everglades. They are not under water."

"Of course some of our buyers have complained about the land they purchased, but you know you can't deal with 5,000 persons and satisfy them all. Most of the people who bought land from us are our friends and boosters."

Ask Pertinent Questions About State's Expenditures

(Associated Press) Springfield, Ill., July 15—The taxpayers' suit filed against Andrew Russell, state treasurer, in this city last Friday by J. B. Ferguson, is amended in a bill filed here today by Fayette S. Munro, attorney for Mr. Ferguson, to include as defendants Lewis G. Stevenson, secretary of state, and James J. Brady, state auditor.

The amended bill seeks to enjoin the payment of \$558,802 provided for by the last legislature in deficiency bills, passage of which it is charged was contrary to the constitution, and, in the event that this contention is upheld, asks that any of the defendants who may have made payments on authority of these appropriations be compelled to make restitution. In addition the bill requests that Brady and Stevenson answer a series of interrogatories dealing with the appropriations.

Three deficiency bills not listed in the original bill, which attacks the validity of \$1,800,000 in appropriations, are named in the amended bill as follows:

Senate bill 3—Incidental expenses General Assembly—\$10,000

Senate bill 4—Salaries of employees \$75,000

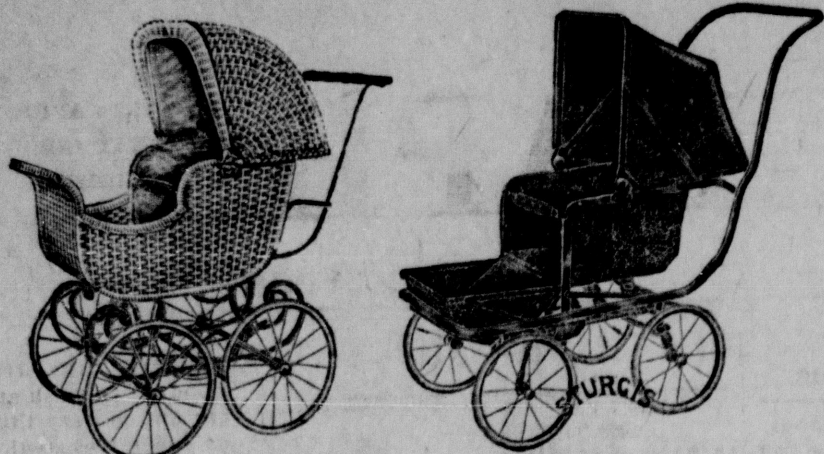

Senate bill 5—Incidental expenses secretary of state, 49th General Assembly—\$15,000

As to the appropriation for the incidentals of the department of state the amended bill recites:

"Your orator further represents and charges that Senate Bill No. 5 appropriates money to the secretary of state for the incidental expenses of the 49th General Assembly; that there had previously been appropriated, pursuant to law, by the 43rd General Assembly, funds for the expenses of the 49th General Assembly, that the real purpose of the said appropriation was to secure for the members of the General Assembly additional benefits and perquisites and extra perquisites for the secretary of state; that said Senate Bill No. 5 duly passed the senate and the house and was approved by the governor; that the secretary of state thereupon proceeded to purchase at a large expense jack knives, pocket books, fountain pens, brushes, combs and other toilet articles and to distribute the same among the members of the 49th General Assembly."

This, the bill alleges, was unconstitutional and illegal because the constitution and laws of the state provide that members of the assembly

bly shall receive \$50 per session in full of postage, stationery, newspapers and all other incidental expense and perquisites." The amended bill continues:

"That the purchase by the secretary of state of the said articles was in direct violation of the constitution was illegal and void, and that in consequence the secretary of state, the auditor of public accounts, and the state treasurer should make restitution for said \$15,000 and return the same to the treasury of the state of Illinois."

House Bill 975, making a number of deficiency appropriations, all but one of which were for sums under \$1,000 is attacked, on the ground that it is a deficiency measure.

It is further alleged that certain appropriations in the act of July 3, 1913, for the expenses of the election committee of the 48th General Assembly, totaling \$4,742, which were vetoed by the governor at that time, were, with two minor exceptions, reinstated by House Bill 975. On the last day of the last session it is further charged that appropriations aggregating \$3,017 were added to this bill.

The appropriation of \$75,000 in Senate Bill No. 4 is attacked as being in excess of the appropriation made by the 48th General Assembly, No. 3 is similarly objected to.

Among the interrogatories which the bill asks Stevenson be required to answer are:

"State the name and the annual salary paid to all policemen and watchmen employed by you as secretary of state.

"State the amount of money paid by you for knives, combs, brushes, fountain pens, toilet articles, pocket books and other personal property delivered to the members of the 49th General Assembly and itemize the same.

"State the total amount of telephone charges incurred by members of the 49th General Assembly through your office; itemize the same, showing the individual names of the representatives or senators who secured this service and the amounts for each.

"In your deficiency bill for \$12,825.12, you asked for a deficiency for postage, expressage, telegraphing, telephoning, and other incidental expenses \$2,000." Have you made an itemized report of these amounts in a semi-annual statement?

"If your answer is in the affirmative, will you state what these amounts are?

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

for whom you are allowed a deficiency of \$3,500 in House Bill 256.

"Had the services of such clerks been performed prior to the passage of said bill?"

Fifty-three interrogatories are directed at Brady among them the following:

"Have you during your term of office made an audit of the accounts of the office of the Governor of the State?"

"If your answer be in the affirmative, will you specify the items spent by the Governor of the State from his appropriation of \$30,000 in 1913, for the purpose of heating, lighting, expenses of public receptions, wages and sustenance of employees, stable expense and other incidental expenses of the Executive Mansion? If your answer be in the affirmative, please specify the items and amounts.

"Was there any residuum of the appropriation over and above the amount expended by the Governor for said purposes?"

"In 1913, there was awarded to the Governor of the state the sum of \$15,000 for improvements and repairs of the Executive Mansion. Have you audited the items expended by the Governor for this purpose?"

"If your answer be in the affirmative, will you state the items and their amounts?"

Other questions go into similar detail with regard to other appropriations.

PONDEROUS PERSONAGES

If Napoleon Bonaparte did not absorb so much of the earnest attention of history, his nephew, Louis Napoleon, would be regarded as one of the most remarkable characters ever produced by an ambition run continuously on the high gear.

This man was a born prince. He then became an exile, an American immigrant, a revolutionist, a life prisoner, resident of France, Dictator and Emperor, the last European ruler to conquer a part of North America and a world power of whom Europe stood in awe.

From this eminence he descended in a few short months to a prisoner of war, an exiled private citizen and a deceased gentleman who had been so thoroughly overlooked by history that even the tourists do not demand to be shown his tomb.

When Napoleon Bonaparte was shipped to St. Helena, Louis Napoleon took up the job of winning back the throne. He tried to start a couple of revolutions, but was not a skilled revolutionist, and only drew a trip to America and a life sentence in prison out of two attempts. He escaped to

Sunday by their son, Alex Reed and family.

Danville, Ill., July 15.—George Holloway, for the past twenty-six years connected with the postal department of the government, the last seventeen years as a postoffice inspector, has retired. The position will not be filled for the present, it is said.

Blindfolded Tire Buyers

This is to point out the way to the light.

Tires which seem identical are often most unlike. There are dozens of standards. The fierce competition compels many a compromise, affecting what you seek.

Features Which Cost Millions

Goodyear Fortified Tires have

five great features found in no other tire. They

have others which are rare—hidden features, never missed until the tire meets trouble.

These Goodyear extras, on this year's output, will cost us \$1,835,000. Our 1915 improvements alone will cost us

\$500,000 yearly. And nearly all for things you never see—things you never miss until the tire falls down.

Yet our late price reduction saves our users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

How to Judge

Judge tires by the maker. Judge them by known features. Each exclusive Goodyear feature combats a major trouble.

Judge, above all, by records. Not by mere good luck or mishap, but by Tiredom's general verdict. In its 16th year the Goodyear tire far outsells any other. It has outsold for years.

By any measure you can use, Goodyear tires are best. Adopt them. Any dealer will supply you.

Read-Altman Nuptials.

With her father, Dr. F. D. Altman, pastor of St. Paul's Lutheran church, as officiating clergyman, Miss Ruth Altman was united in marriage last evening to Percival Read of Leavenworth, Kas., in one of the most impressively beautiful, yet simple weddings of the year. The ceremony took place in the assembly room of the church, the decorations being confined to the altar which was banked with palms and ferns and shasta daisies. A large number of relatives and friends witnessed the wedding.

With Mr. Roger Walters of Chicago as organist, Miss Josephine Altman, sister of the bride, Mrs. E. A. Sickels, Elmer Rice and George Evans sang the beautiful quartet number, "Faithful and True," from Lohengrin, following the assembling of the guests at 7:30. The strains of Wagner's wedding march from Lohengrin then sounded forth and the wedding party took their places at the altar. The ushers were Messrs. W. E. Trein, Homer P. Shepherd of Atchison, Kas., Harry Bischoff of Chicago and Merritt Lord. Miss Grace Altman, sister of the bride, was bridesmaid, and was followed by the bride upon the arm of her brother, Frank S. Altman of Atchison, who gave her in marriage. At the altar the groom, with his brother, Edwin Read, of the Sheridan Trust and Savings bank, Chicago, awaited with the clergyman.

The musical numbers played on the organ by Mr. Roger Walters during the evening as the guests were being ushered to their seats were: "Farfare" in G minor by Ashford "Largo," by Handel "Romance" in E flat by Williams "La Cinquataine" by Gabriel-Marie

"Andante" by Lefebvre-Wely and during the ceremony Mr. Rogers played very softly Schubert's Serenade. A handsome robe of net and satin with a court train was worn by the bride who carried a shower bouquet of Madonna lilies, bride's roses and maiden hair fern. A long tulle veil worn with a wreath of orange blossoms completed the bride's costume. The groom's gift, a pearl set necklace, was the only ornament worn by the bride. Cream lace with a girdle of yellow formed the gown of the bride, who carried a beautiful bouquet of American roses, the gift of the Little Colonels. The double ring service was used and following the ceremony the Mendelssohn wedding march was used as a recessional.

The bride, Mrs. Read, has been a social favorite during her stay in Dixon, a stay of five years during the time of her father's pastorate here. She is a skilled musician and has presided at the organ at St. Paul's for the past three years and many friends will regret her removal from Dixon circles. The groom is the son of Mr. and Mrs. Wm. Read of Leavenworth and is receiving teller of the Manufacturers' National bank in that city. Among the guests occupying a prominent place in the church were the Invincibles, an organization of the younger social set in Dixon of which Mrs. Read was a member, and the Little Colonels, a still younger set to which Miss Josephine Altman, a sister, belongs. Out-of-town guests were Mr. and Mrs. Frank Read of Lake Forest; Freeman Read, Miss Effie Cooper, Edwin Read, Mr. and Mrs. Roger Walters of Chicago; Miss McCune of Leavenworth, Mr. and Mrs. Homer P. Shepherd and Frank Altman of Atchison and Miss Diller of Sterling.

Mr. and Mrs. Read left last evening for Clinton, Ia., following an informal reception of a hundred guests at the parsonage. A number of guests, particularly the Invincibles, gave them bon voyage at the station. Today Mr. and Mrs. Read will leave Clinton for

Chicago, passing through here on the 6:15 train. From Chicago they will go for a trip on the lakes before going to Leavenworth to make their home. The traveling costume of the bride was a suit of midnight blue taffeta.

With Miss Todd

Following the Read-Altman wedding of last evening, the Invincibles, of which Mrs. Read was a member, met at the home of Miss Todd and spent the remainder of the evening in an informal god time.

Serenade Bride-to-be.

One of the many pretty festivities preceding the wedding of Miss Ruth Altman to Percival Read of Leavenworth, Kas., was the gathering yesterday morning at the bride's home at 7 o'clock, of a quartet consisting of Miss Georgia Marshall of Missouri, Miss Josephine Altman, Elmer Rice and George Evans, who gave, with Mrs. Shepherd at the piano, the "Wedding Chorus" from "The Rose Maiden" as a serenade to the bride-to-be.

To Grand Detour

Misses Myrtle Rice and Avis Thompson and Messrs. Charles Bishop and Irvin Countryman motored to Grand Detour last evening and enjoyed dinner at the Colonial Inn.

For Misses Jegi Misses Grace and Ruth Jegi were the honored guests at a party given last evening by Will Andrews of Grand Detour at his home. A Victrola concert entertained the young people throughout the evening and refreshments were served by the host. The guests were: Misses Alice Welner and Erma Brown of this city and Miss Goldie Straus of Grand Detour, and Messrs. Edmund Gehant, Lloyd Bartholomew, Frank Fitzsimmons, and Charles Castle of Dixon.

Birthday Honored

The birthday anniversary of Geo. Weyant of near Grand Detour was the occasion for a pleasant family gathering and luncheon on Monday evening of this week. The luncheon was served on the lawn on tables prettily adorned with pink and white flowers. Those present were Harry Weyant and family, J. G. Weyant and family, and Mrs. J. G. Weyant and family, and Mrs. Dudley of Grand Detour.

Guests from Chicago

Mr. and Mrs. Frank Stevens entered yesterday Mr. and Mrs. Ray Leley of Chicago. Mrs. Leley is a sister of Mrs. Stevens.

MATTRESSES

An Interesting Story Follows of What Might Be
Termed "Ancient, Mediaeval and Modern Mattress
Making"—Read It.

—Probably in mattresses as in no other article of home furnishings have the years brought such great and wonderful changes—and while you can well understand furniture reverting to the lines found in the past ages—William and Mary, the Sharraton and even farther back—never even by the wildest flights of fancy could you imagine us sleeping on mattresses called in bygone days by "ticks."

—Why, George Washington, that great and good man, loved by us all, in those strenuous days of 1775 that taxed man's will power and endurance to the utmost, undoubtedly slept many, many times on a straw tick. We wish it were possible to show the old fashioned bed, laced back and forth with rope, upon which these self same ticks rested.

—Then in 1800 what was considered a vast improvement was found in the Corn Husk Tick and probably John Adams, who was then in the White House frequently enjoyed no better bed.

—In the early 1800's some genius conceived the idea of the Feather Tick and while they were undoubtedly much softer and better than those of straw or corn husk, they left much to be desired.

—In 1850 Millard Fillmore, who was then in the White House, may have rested upon a hair mattress, and while this was a wonderful improvement the price was so high as to make it prohibitive for the vast majority of the people—then too, hair mattresses were very hard to care for, the hair packed and the crude method of manufacture showed very unsatisfactory results.

—In 1875 mattresses were made of cotton and excelsior were being used—the cotton forming the upper part. This was during those stirring days when U. S. Grant filled the presidential chair.

—In 1895 another step of advancement in the art of mattress making when silk floss was used ingeniously and extensively.

—In 1900 the cotton industry of the south received fresh impetus when picked cotton became the vogue for mattresses, but the great trouble was found to be in them lumping and getting out of shape.

—In 1905 Carded Cotton was used, but this too was found wanting and gave place some years later to Felted Cotton, which was a wonderful improvement with the square rolled edge and neatly tufted surface.

—But it has remained for 1915 to bring the crowning achievement in mattress making—with the Splendid, Perfect, Sanitary, Dustless Square Brand Mattresses of layer cotton felt. Our President, Woodrow Wilson, might find rest from many weighty cares of state were he to sleep on one of these Square Brand Cotton Felt Mattresses that are to be had at Chiverton & Quick's in prices of a large range to suit you.

AESOP "THE AFRICAN."

Majola Adeshibigia, who signs himself "a native of the West Coast of Africa," writes to the New York Sun to repeat the "Afro-American" claim that AESop was a negro—a claim seriously based on the mere fact that the ancient writer of fables was a slave. Majola Adeshibigia says AESop had "pendant lips, flat nose, crisp hair, large abdomen, long head and dusky complexion," (but does not give his authority), and adds that if he were in the United States today a white man "would hesitate to entertain him socially."

Referring to several standard encyclopedias, we find nothing to confirm this view. Following up a reference in one of them to Herodotus (II, 134), we find AESop briefly mentioned as a slave belonging to Iadmon in the Greek island of Samos. As slaves were of all colors in those days, the fact of servitude proves nothing. One lexicographer speaks of AESop as a "Phrygian slave"—Phrygia being a country of Asia Minor. Another lexicographer says that AESop and the Arabian fabulist Lokman are regarded by some students as identical owing to the similarity of their physical characteristics and the Eastern flavor found in the fables of both. All the lexicographers refer to AESop as an "ancient Greek writer."

There is no disposition to deny the possibility of genius to a man with negro blood in his veins, Alexander Dumas being a recognized modern instance, but there seems to be only the flimsiest of foundations for the belief that AESop was a negro, or even an Egyptian or North African of a race altogether distinct from the negro.

OFFICIALS ARE ACCOMMODATING.

The highway commissioners have become aware of the need of a better road to Camp Dunne, pointed out in Tuesday evening's Telegraph, and have very kindly agreed to make it possible for a better road to be built. The highway commissioners have agreed to furnish the machinery and the Seventh Regiment will furnish the mules to work it, and as soon as weather and road conditions permit, the work will be started. The people of Dixon and the militiamen at Camp Dunne will appreciate this ready response on the part of the highway commissioners. We might also note that W. I. Palmer, road commissioner in Grand Detour township, or some of his colleagues, have caused to have the dangerous openings in the Grand Detour bridge closed up, as was suggested in Monday evening's Telegraph. The holes are securely boarded over now and while the patches form considerable of a bump in the floor, this could not be helped, for there was no other way to affix a temporary patch. The entire bridge is to be refloored with creosote blocks this summer.

Ossowiece Attack Disastrously
Repulsed, Says Petrograd.

15,000 KILLED AND WOUNDED

Armies Which Swept Galicia and South Poland Appear to Be Idle—Rust Fortress South of Niemen Withstands Attacks—Big German Gun Destroyed.

London, July 15.—The renewed activity of the Germans north of the Vistula and south of the Niemen has so far been without success, according to dispatches from Petrograd. Their advance in the neighborhood of Suwalki netted them nothing, while their renewed attack upon the fortress town of Ossowiece has been a disastrous repulse. It is said in the dispatches that the Germans have lost 15,000 killed and wounded, besides being driven out of their first line of trenches.

Conditions attending a siege of Ossowiece are different from those in the south or in Galicia. Ossowiece has big guns with sufficient ammunition and the roads are such that the Germans cannot bring up their 17-inch howitzers which did such fearful execution in the Carpathian drive.

Big German Gun Destroyed.

In the Petrograd dispatch, it is stated, that only one of the big German guns found the range of the city and sent three shells into the town killing about fifty civilians. The Russian army men who were directing the firing speedily located this gun, signaled its position and it was destroyed.

The situation in South Poland and Galicia shows no change. Apparently the armies of General Von Mackensen and Von Linsingen as well as the divisions of Von Woyrasch are absolutely idle.

The Austrians under Archduke Joseph Ferdinand are blocked and retreating from the north of Krasnik.

TREASURE TRAGEDY DENIED BY WITNESS

Sister in Iowa Murder Case
Says There Was No Crime.

Bedford, Ia., July 15.—Mrs. Elizabeth Collins Benson, widow of Jonathan Dark, whose name has been mentioned in connection with the alleged murder of Smith, and a sister of Mrs. Maria Porter declared that there had been no killing on the Stam farm at the time Mrs. Marie Collins Porter, her sister, asserted in her testimony; that there had been no secret cave, that she had never heard of any buried treasure and that she never knew of a band of Taylor county outlaws.

Concerning the killing of Dark, her former husband, Mrs. Benson said he did not come to their home in Missouri for the purpose of killing Maria Collins, but had objected to her other sister, Mattie Collins, going with a certain man. Her sister, fearing he intended to do her bodily harm, shot him down. Mattie Collins, Mrs. Benson said, was tried and acquitted at Quimman, Mo., on the ground of insanity.

Mrs. Benson said she had not seen her sister, Mrs. Porter, for twenty-five years and could not understand why she had gone on the stand and testified as she did.

DIXON OPERA HOUSE.

An unusually good bill was presented at the opera house last night, and it will be repeated this evening. The Chicago Cabaret Revue is made up of vaudeville stars that are entertainers. The present bill contains high class music and comedy.

The pictures for tonight are "His Smashing Career" and "The Grim Messenger." The first picture is a Ford Sterling feature that needs no further explanation. The other picture is a two reel feature portraying a story of the north woods.

Special matinee every Saturday afternoon.

PRINCESS THEATRE.

Tonight "The Failure," a two reel Domino feature, will be shown at the Princess theatre, a story with an unusual plot of great power, featuring Walter Edwards and Leona Hutton in a western drama with plenty of excitement and romance. Also a Keystone comedy entitled "Merely a Married Man," very funny. The last reel is an American drama entitled "A Woman Scorned," with Beatrice Van and Robyn Adair in the leading roles, a plot founded on feminine jealousy.

FAMILY THEATRE.

Manager Plein has arranged another series of whirlwind programs for the last half of the week which reflects much credit on the efforts of the management to present programs that will appeal to their patrons. The new bill is a splendid combination of music, song and dance and good wholesome comedy which should be a revelation to Dixon theatregoers. Each of the features offered is of a high grade and acts that are seen only in the very best vaudeville theatres in the country where the prices of admis-

sion are much in excess of that charged at the popular Family theatre. The famous Santucci, one of vaudeville's greatest accordion players with his international trio, including harp and violin, in one of the most delightful musical offerings before the American public.

The dainty Angell sisters in their own conception of song and dance variety is a genuine treat. They are a couple of dashing girls with an abundance of personality and ample ability to entertain in capital style.

Mr. Ralph Whitehead, the matinee idol of musical comedy, through special effort, has been secured for this brief engagement and his work will speak best for itself.

Pictures tonight are "A Pillar of Flame," a Vitagraph special feature in two parts, with Norma Talmadge and Harry Morey in the leading roles, and "The Amateur Nurse," a comedy featuring Harry LaPearl.

STRIKE PLOT EXAGGERATED

Manager of Remington Company Says Only 250 Men Are Involved.

Bridgeport, Conn., July 15.—Major Walter C. Penfield, general manager of the Remington U. M. C. company, refused to affirm or deny a printed statement attributed to him to the effect that German influence was responsible for the present strike, at the plant or to state specifically that money had been paid to the heads of labor organizations to bring about the present labor difficulties in this city. He issued a statement saying in part:

"One report emanating from New York, conveyed the impression that 10,000 men were on the verge of quitting work. This, of course, is ridiculous, as not more than 250 men are so far involved and unless affairs take a decided turn for the worse, this is about as far as the trouble is likely to spread."

DEMENTTOWN DOINGS

They say that when a man is drowning he thinks of all the mean things he ever did, and that the same is true in almost all cases of danger. The other day we thought our time had come and we, too, thought of a lot of mean things we had been guilty of; but truly we were satisfied after the hasty review, for we knew they could never accuse us of having voted the Progressive ticket.

"MAKING GOOD" MAKES FRIENDS.

There is no way of making lasting friends like "making good." After more than four decades of popularity friends here in Illinois are numbered by the thousands.

Aurora, Ill.—"Having had the 'Common Sense Medical Adviser' in my home for years I am in a position to know about Dr. Pierce's remedies. I used 'Golden Medical Discovery' when under a doctor's care in Berwick, Warren County, Ill. My doctor suggested using it and I found it was the right remedy. Three or four bottles improved my general health and I was made much better and stronger. It did not disappoint me in any way."—Mrs. MARY C. HILL, 139 Benton St., Aurora, Ill.

Freeport, Ill.—"My husband took Dr. Pierce's Golden Medical Discovery some years ago for a general run-down condition from inside work. He took two bottles of the medicine and was then in fine condition and has been perfectly well ever since."

"I have recommended it to many friends and will again recommend it."—Mrs. W. A. STOKESON, 26 Crocker St., Freeport, Ill.

There is not a drop of alcohol or any narcotic in Dr. Pierce's Golden Medical Discovery, but in this safe vegetable remedy and tonic there is a mighty alternative power which by replacing the blood impurities with pure, rich blood, not only ends catarrhal conditions wherever located, but vitalizes the kidneys, stomach, liver, bowels and every organ of the body. All dealers in medicines can supply Dr. Pierce's Golden Medical Discovery, or send 50 cents in one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for trial box of tablets.

Any person desiring a copy of The People's Common Sense Medical Adviser before the edition is exhausted should send this notice, together with three dimes or stamps, to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and a copy will be sent by return mail, all charges prepaid.

SOON BE HERE

Big Circus Bound This Way On Five Great Trains Loaded With Wonders.

Children are now on their best behavior in anticipation of a real holiday treat on Friday, July 23, when Ringling Brothers' World's Greatest Shows will exhibit at Mendota. It is expected that this city will send more than its usual number of "sawdust fans" to welcome this popular circus.

Ringling Brothers promise many novelties and innovations and a "bigger and better everything" is the slogan. Preceding the regular circus performance the new spectacle of "Solomon and the Queen of Sheba" will be enacted on the largest stage in the world. This mammoth 1,250-character pageant cost \$1,000,000 and the costumes, scenery and stage properties are said to be a revelation in gorgeousness. Among the 385 arena acts are scores of equestrians including the Lloyds, famous English riders; the Borsinis, rolling globe artists; the Josephson Glima troupe; the five high act perch acts ever presented; Big Bingo, the biggest living elephant; five herds of trick elephants; 20 families of aerialists, 50 clowns and a magnificent horse show and speed tournament. The menagerie is larger and more complete than ever and features many animals never before exhibited in America. A free street parade will be given on the morning of show day.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

family for week or longer. Rooms with bath must be applied for in advance.

Rates: \$2 per day, \$12 per week, half rates for children; rates made to family for week or longer. Rooms with bath must be applied for in advance.

ITALIANS TAKE TWO MILES OF TRENCHES

Alpine Troops Drag Guns up 6,000 Feet to Win.

Rome, July 15.—Two miles of Austrian trenches in the Carnic Alps have been captured by the Italians. Advances received here say the Alpine troops dragged their artillery to the heights near Roskofel, at an altitude of 6,000 feet, to accomplish this victory.

News also was received that the Italians under General Cadrona, fighting on the Isonzo front, have taken two important forts south of Gorizia. From Venice came word that an Austrian submarine was captured by the Italian naval forces on Monday night, after it had attempted to torpedo a warship in the Adriatic.

Berlin advises that Italian losses on the Isonzo river front are semi-officially estimated at 80,000 killed, wounded and missing, are discredited here.

EVELYN THAW IS WORRYING

When Drinking She Says Harry is Dangerous Fellow.

Malone, N. Y., July 15.—Evelyn Nesbit Thaw is more worried than surprised by the jury's verdict, she said at the camp of her dancing partner, Jack Clifford, at Chateaugay lake. She is not afraid of Harry sober, she explained, but said that when he is drinking he will do almost anything that comes into his head. Clifford said the verdict was an outrage and a miscarriage of justice.

Mrs. Thaw said she is rapidly recovering from the nervous strain incident to her trip to New York. She will stay at the camp until the middle of September and then go to San Francisco to begin her theatrical work for the winter.

BILLION BUSHELS OF WHEAT

Government Officials Optimistic After Hearing From South.

Washington, July 15.—Prospects for a 1,000,000,000 bushel wheat crop continued to grow during the week ended July 13. Spring wheat had the most favorable week of the season over much of the belt, and the outlook everywhere is most promising.

The national weather and crop bulletin announces that winter wheat, however, had unfavorable weather and harvesting had been delayed in the important producing sections by rain, much ripe wheat being still uncut. In southern portions of the belt and Pacific coast states harvesting is progressing satisfactorily and good yields are reported.

HE SIGNED ANOTHER'S PAPER

As a Result Illinois Good Samaritan Is Out \$16,000.

Urbana, Ill., July 15.—It cost Fred Thompson \$16,000 to be a good Samaritan to a friend here. Recently George F. Bliss was convicted in a land swindling scheme, and W. D. Barnes obtained a \$60,000 judgment against him. Bliss appealed, and Thompson went on his bond. Bliss disappeared.

The sheriff has sold Thompson's farm of 120 acres to W. L. Bartell of Chicago to satisfy the forfeited bond.

Conan Doyle's Nephew Killed.

London, July 15.—The Telegraph reports the death in action in Flanders of Second Lieutenant Arthur Oscar Hornung, only son of Mr. and Mrs. E. W. Hornung and nephew of Conan Doyle. He was going from Eton to Cambridge when the war broke out.

The Telegraph has employed the services of Geo. Murray as country circulator. John Thome still retains his position as solicitor and circulator for this paper.

DIRE DISTRESS

IT IS NEAR AT HAND TO HUNDREDS OF DIXON READERS.

Don't neglect an aching back. Backache is often the kidneys' cry for help.

Neglect hurrying to the kidneys' aid.

Means that urinary troubles may follow.

Or danger worse than kidney trouble.

Here's Dixon testimony.

Mrs. C. Charlton, 516 Lincoln avenue, Dixon, says: "I had been suffering for a long time from pains across my back and sides. The trouble was particularly severe at night and early in the morning. When I bent over to lift anything, I was hardly able to straighten up again. My kidneys were inactive. Finally I used Doan's Kidney Pills, procured from Leake Bros Co.'s drug store and it didn't take them long to give me relief."

The above statement was given on May 1st, 1912, and when Mrs. Charlton was again interviewed on January 21st, 1915, she said: "I use Doan's Kidney Pills whenever my back gets lame. Another of my family has also taken them with the best of results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Charlton had. Foster-Mil-

Boston, July 15.—An afternoon paper, announces the receipt of an anonymous communication in which the writer, describing himself as a German spy, states that two bombs have been placed in the state house and another in the custom tower and that these will be exploded "about Friday."

Also the governor is to be killed, according to the message, which was crudely lettered with a lead pencil, it was turned over to the police, who recently examined a similar threat against the custom house without determining whether the writer was a crank or a practical joker.

GERMANS CLAIM LONG GAIN; FRENCH DENY IT

Over Mile of Trenches and 2,681 Prisoners Says Berlin.

London, July 15.—The German official statement claims important continued successes in the Argonne, claiming an advance and the capture of French trenches over a front of a mile and an eighth, and the capture of territory to the depth of one kilometer.

Paris admits German gains in this district, but says the advances have been overstated, being not more than 400 yards at any point.

In the German gains 2,681 prisoners were taken.

"The captured positions comprise what is known as Hill No. 285," said the official statement.

Other actions on the Franco-Flanders front mentioned in the day's official dispatches were unimportant.

The Weather.
Unsettled weather Thursday with local showers and probably thunder storms; not much change in temperature.

GRAPE CHEER

Is the name of the latest and best mild drink that has been put on the market.

It is as the name implies, unfermented sweetened grape juice. It is put up in one pint bottles and sells for 10 cents.

Compared with Welch's Grape Juice it would read like this—
1 pint Welch's unsweetened 25c
1 pint Grape Cheer sweetened 10c

It is simply a well-known firm unloading an over-supply of their Grape Juice. We can not guarantee the price to remain at 10c over the shipment we have on hand.
